EDUCATIOIN

I.K. GUJRAL PUNJAB TECHNICAL UNIVERSITY	August 2021–June 2025
Bachelor of Technology (CSE)	CGPA: 7.82
PUNJAB SCHOOL EDUCATION BOARD	April 2020–March 2021
12th	Percentage: 78%
PUNJAB SCHOOL EDUCATION BOARD	April 2018–March 2019
10th	Percentage: 87%

TRAINING & INTERNSHIP

QSPIDERS — January 2025 -Present
Full Stack Developer — Noida, Uttar-Pradesh, India

- Completed in-depth hands-on training covering the full MERN Stack (MongoDB, Express.js, React.js, Node.js).
- Built multiple mini-projects and a major capstone project under real-world constraints.
- Gained expertise in creating secure RESTful APIs, user authentication systems (JWT/Bcrypt), and integrating front-end components with backend services.
- Participated in daily stand-ups, code reviews, and debugging sessions, improving real-time collaboration skills.
- Practiced Git and GitHub workflows, code versioning, and modular component-based architecture.

APNA COLLEGE (SIGMA-6.0) — December 2024 -May 2025
MERN Stack Development Trainee — Remote (ONLINE)

- Completed hands-on MERN stack training with real-world projects and Git-based workflows.
- Built full-stack apps with REST APIs, JWT authentication, and frontend/backend integration.
- Practiced role-based access, dynamic routing, and modular coding in React.
- Took part in mock interviews, code reviews, and contests to strengthen DSA and debugging.
- Gained exposure to industry-level deployment workflows and project structuring.
- Collaborated on close-functional task using Git.

PROJECTS

JOB-ZEE – JOB SEEKING PLATFORM — React.js, Node.js, Express.js, MongoDB

Job-Zee is a user-friendly job-seeking platform. Employers can easily post and close job listings, while job seekers can browse and apply for jobs that match their skills and interests. Job-Zee ensures a seamless experience for both employers and job seekers.

STUDY NOTION – E-learning Platform — React.js, Node.js, Express.js, MongoDB

Study Notion is an e-learning platform designed to enhance the educational experience through a user-friendly interface. Built using React.js and Node.js, it supports two types of users: students and instructors. Students can access courses, collaborate, and track their progress, while instructors can create and manage educational content. The platform focuses on simplicity and efficiency to streamline the learning and teaching processes.

TECHNICAL SKILLS

Languages:	HTML5, CSS3, JavaScript, Java
Frameworks:	React.js, Node.js, Express.js
Database:	MongoDB
Tools:	Git, GitHub, Postman, Visual Studio Code

ACHIEVEMENTS

- 🏅 Secured top rank in college-level Coding War Competition (2023).
- Earned a certification for successfully completing the MERN Stack Development Program by Apna College (Sigma 6.0).

INTERPERSONAL SKILLS

- Problem Solving.
- Decision Making.
- Team Work.
